CSC 241

**Exercise 5**

Implement a **toString** method for the **WeightedGraph** class.

Test the method in the **UseGraph.java** file.

Here is an example output given the following graph:

Dallas:

       Denver, 780

       Austin, 200

       Chicago, 900

Austin:

       Dallas, 200

       Houston, 160

Denver:

       Atlanta, 1400

       Chicago, 1000

Chicago:

       Denver, 1000

Washington:

       Dallas, 1300

       Atlanta, 600

Atlanta:

       Houston, 800

       Washington, 600

Houston:

       Atlanta, 800
